SOURCING: PAINTED HILLS VINEYARD

**DESCRIPTION** In just its second release, our Grenache Blanc planting at Painted Hills Vineyard is showing the wonderful complexity of the grape. This vintage has just a touch more weight of fruit than the last, but it is matched with the same wonderful brightness and slight salinity as the inaugural release. Kiwi, lemon peel, white flowers, and apricot are all there in this wine, creating a crisp but full flavored white wine. This is everything we had hoped we could achieve with this parcel - for the second year running.
